

PIEDMONT SPA SERVICE

Annual Spa Maintenance Program

Manufacturer's recommend draining and refilling your spa every 4 months. By having our team come out to routinely inspect and maintain your hot tub, it will give you peace of mind knowing your spa is clean, sanitized, and free of bacteria.

Complete Clean

Every 4 Months

- Drain and vacuum spa and jets
- Thoroughly clean entire spa shell
- Soak and clean filter with filter cleaner
- Clean and add protectant on pillows
- Wax top of shell down to 6 inches below water line
- Clean front and back of spa cover
- Apply sun protectant on outside of cover
- Refill Spa and start back up
